

To whom it may concern,I want you to know that I have a X M satelite radio and truly love it. Please keep your hands off!!! There is plenty of public air waves for you to babysit and I am paying for the right to listen to the wonderful music and talk radio.The instant traffic and weather doesn't help me but I believe that it is a great feature for the truckers and other travelers on the road. Please leave us alone.

Thank you in advance for rethinking this thing and realizing that it is our right to have the programing that X M is offering.
